COMMON ASSAULT

MOVIS AND JIM CONKLIN PLEAD GUilty TO THAT CHARGE.

OVER FIGHT AT OWLS

Charles Bramble Prosecuting Witness
—Facts of Trouble Hard to Secure.

At the preliminary hearing of Movis and Jim Conklin, held Tuesday morning before Justice R. L. McDougal, they entered a plea of guilty to the charge of common assault and were fined \$5 and costs each. The prosecuting witness was Charles Bramble, and the fight took place in the Owls club rooms a week ago Saturday night, Bramble receiving many cuts and injuries from the fight. Bramble was not present at the preliminary hearing this morning.

The fight has caused a great deal of talk, so much so that the trustees of that lodge have ordered the club rooms to be closed all the time except when there is a regular lodge meeting. The facts in the case are very hard to get, and there is much doubt and uncertainty as to the causes of the fight.

George Pat Wright, prosecuting attorney, represented the state and John M. Dawson the Conklin boys. Mr. Wright, in making his statement to the court, said in part as follows:

"In accepting a plea to common assault in this case, I am doing not only what is satisfactory to the injured party, but that which is best after a careful investigation of all the facts. While it would appear from the treatment of the prosecuting witness that a more serious offense should be maintained, yet the facts as gathered by myself and the sheriff does not justify the state in an effort to sustain a more serious charge. These defendants were in the wrong, but there is wrong in both sides as shown by the facts. The testimony furnished by those present as well as by the immediate parties is very indefinite and uncertain, leaving much room for doubt as to the inception of the trouble. The parties were drinking, in fact the prosecuting witness had been drinking not only the more delicate beverages but he had imbibed the vicious draughts of alcohol. When under the influence of drink, I am told that he is of a quarrelsome and turbulent disposition. I am informed that he had been forbidden to come to the hall rooms where the difficulty occurred. This he denies. The testimony would show some mitigating circumstances, yet if the assault was made by the injured party, as claimed by the defendants, certain it is that they went further than would justify them under the law in resisting that assault."

I have talked with some of the officials of the organization and am glad to learn that such stunts are not approved by the lodge or by the officials, and that the lodge, as such, stands with the prosecuting attorney's office in stopping it. This office is not against the lodge, it is with the lodge in stamping out such disgraceful affairs.

"What I am interested in more than the prosecution of this particular case is the destruction of those conditions that make such things possible, and this must be done or steps will be taken to permanently close the rooms. I am glad to know that the proper committee has closed the hall at all times except during lodge hours, and thereby, by their good assistance, help the prosecuting attorney's office in the matter of avoiding further disturbances and minor violations of the law. As stated there was wrong on both sides, the testimony is uncertain and involved in doubt, a plea to common assault is, in my judgment, better than to entail a great cost that the state would in the end have to pay in any event and with little hope of anything more."

Mrs. Frank Beedle of Ravenwood and Mrs. J. A. Orr of Fresno, Cal., were visitors in Maryville from Friday until Monday at the home of Mr. and Mrs. W. B. Beedle of this city. Mrs. Orr and her husband have been visiting her mother for three months and will leave in two weeks for her home.

COURT IN SESSION.

The County Court Allowing a Number of Bills and Transacted Other Business.

The county court is in regular session this week, and in addition to the routine business is allowing a large number of bills.

The court granted Joseph Voelker a pool hall license for Clyde.

Carl Wray, cashier of the Bank of Guilford, appeared before the court on Monday in regard to an error in the assessment for this year's taxes. The undivided profits, premiums and earnings of the bank were \$5,224.66, but were given in as \$17,390.68. The court made an order to correct the assessment.

BANTA IN TROUBLE AGAIN.

He and V. L. Walker of Hopkins Arrested Monday and Will Be Held for Investigation.

Walter Banta of this city and V. L. Walker of Hopkins were arrested Monday afternoon in the city by Sheriff Ed Wallace and will be held for investigation. It is probable that a charge of forgery will be filed against both of the boys. Walker cashed a check written on G. G. Downing of Hopkins on the Farmers and Merchants bank of that place for \$5 at the Barbour hardware store here. It is said that the check was written by Banta.

Banta just recently got out of jail, having served out his time for stealing chickens.

FORMERLY RESIDED IN ELMO.

Mrs. James Hudson, Who Died on November 15 in Nebraska, Was Well Known in Elmo Community.

N. B. Lamar of this city received word recently of the death of his niece, Mrs. James M. Hudson, at Sand Creek, near Valentine, Neb. Mrs. Hudson was formerly a resident of Elmo and was well known among the older people there. Her death occurred on November 15.

The following is what the Valentine paper says:

Elizabeth L. Nelson was born in Provo, near Salt Lake, Utah, September 22, 1859. Her parents moved to Lama Station, Mo., when she was but a child, where she lived until her marriage to James M. Hudson, February 4, 1877. They lived at Elmo, Mo., a few years, moving to this county in May, 1884, and lived at Sparks for several years. From here they moved to Sand Creek, where she has lived until the time of her death, November 15, 1913. Age, 54 years, 1 month and 24 days.

Mrs. Hudson was not a very strong woman, but many a traveler and hunter have found food and shelter in her home and were always glad to come again.

She united with the Baptist church when 20 years of age and has always been glad to help and do what she could for all religious purposes. She will be missed by all who knew her, and leaves to mourn a large circle of relatives, five brothers and six sisters, her husband and little adopted son. To know her was to love her.

The floral offering was beautiful and spoke volumes for everyone knew she loved flowers and was always ready with her flowers and willing hands to help suffering humanity. The funeral was the largest ever held in Cherry county, friends being present from Valentine, Norden and South Dakota. Funeral services were conducted by Rev. Shaw at 2 o'clock Sunday afternoon and the remains were laid to rest in the Sparks cemetery.

Left for Springfield.

Mr. and Mrs. J. C. Combs and daughter left Tuesday morning for Springfield, Mo., where they will reside. Mr. Combs has accepted a position on the new paper to be started in that city with Aaron B. States as editor. Mr. Combs has been foreman of The Democrat-Forum office and is a first class workman.

Mrs. Jane Wilson and John Wilson of Parnell have returned home from a visit with Mrs. Henry Cook.

TAKING THE CENSUS

CHRISTIAN CHURCH STARTED WORK THIS AFTERNOON.

IS FOR THE GOOD OF ALL

Monday Night Service at the Church Fairly Attended and There Was One Confession of Faith.

The Monday night audience in the first week of special services at the First Christian church was large, which was not looked for, on account of the bad weather.

At the close of the service there was one confession of faith and a good after meeting held in preparation for the religious census that is being taken Tuesday afternoon.

This canvas is intended for the good of all the churches, and an accurate report will be made as to church membership and church preference, and each church in the city will know how many stand for that denomination by membership, letter or preference.

The pastor, Rev. R. L. Finch, desires to know the status of the church he represents, that all who may have a preference for the Christian church, but have not made that fact known may be properly looked after and extended a welcome. It is not the intention to seek to gain anyone who belongs elsewhere, and is merely a matter of information that will result in good to all the churches.

Rev. Finch will speak tonight on the subject "Why the Kingdom Tarries."

A Gospel solo will be given each night in addition to the singing led by the choir. A distinguished soloist will arrive in a few days to assist in the meetings.

Case Was Affirmed.

Shinabarger, Blagg & Ellison received word Tuesday that the case of Claude Rea vs. Virginia Rea had been decided by the Kansas City court of appeals, that court affirming the decision of the Andrew county circuit court, which was in favor of the plaintiff. The suit was a divorce case, Rea winning the case in Andrew county. The Maryville attorneys represented the plaintiff.

Killed a Real Jack Rabbit.

While out hunting Monday morning, Albert Bliley of Clyde killed a jack rabbit on the farm of Joseph Ruggie. It was a good sized specimen, too, and weighed 6½ pounds. It was thought by some who have been in the land of the jack rabbit that it was a southern product, owing to its dark color. The jack rabbit grows lighter in shade the farther north they are.

To Leave for Florida.

Col. Tom Hughes and John M. Evans will leave Thursday morning for Punta Gorda, Fla., where they will spend the winter months. Mr. Hughes has been spending his winters in that country for many years and has a great reputation down there as a fisherman.

Case Was Settled.

The case of the Bank of Conception of Clyde vs. J. M. Graves, attachment, was settled out of court Tuesday and the case was dismissed. Cook, Cummings & Dawson represented the plaintiff.

In Police Court.

Dan Tooher was arrested Saturday night on a charge of drunkenness. When he was arraigned Monday morning before Mayor Kobey he pleaded guilty and was fined \$2 and costs, amounting to \$8.10.

Here for the Show.

W. B. Gex and Charles Talbott of Graham were in the city Tuesday. Mr. Gex brought a number of his fine chickens with him for the poultry show, which will open Wednesday.

Des Moines Visitor Left.

Miss Maud Trestrail of Des Moines, who has been the guest of Mr. and Mrs. F. P. Reuillard since Thanksgiving, left for her home Monday.

Dr. Leslie Dean, county physician, went to Hopkins Tuesday to fumigate the residence of Dave Russell, who lives two miles south of that place. The house has been quarantined on account of scarlet fever.

Mrs. C. A. Bone, who is taking a course in osteopathy at Kirksville, at the Still school, returned to that place Monday after the Thanksgiving vacation spent with her husband, who is in partnership with Dr. Grace Phelps.

Five succeeded in pinning correctly and were given prizes, Kermit Moore getting the booby prize for being farthest away. In a "turkey drawing" contest Mrs. Harry Farrar took first a "downy little chicken" and Mrs. Albert Orme a jumping jack for poorest. MINE WORKERS ARE INDICTED

True Bills Returned Against Union Officials.

SIX ACCUSED OF CONSPIRACY.

Maintaining a Monopoly of Labor Is Charge Against National Officers of United Mine Workers—Fifteen Others Caught in Net.

Pueblo, Colo., Dec. 2.—Federal indictments against the United Mine Workers of America and members of that organization were returned by the jury that investigated the coal strike in this state.

Ten indictments were made public and fifteen more were held until arrests can be made. Charged with maintaining a monopoly of labor, these national officers of the United Mine Workers of America were indicted:

John P. White, president; Frank J. Hayes, vice president; William P. Green, treasurer.

Indictments charging conspiracy in restraint of trade in interfering with interstate traffic in coal were returned against John R. Lawson, Adolf Germer, Robert Uhlrich, A. B. McGarry, Charles Batey and James Morgan, strike leaders and organizers of the United Mine Workers, and Edward Wallack, editor of a labor paper at Trinidad.

The jury prepared a long report, in which mining conditions are reviewed. It ends with recommendations that the mining law be more diligently enforced, that the governor should be empowered by the legislature to regulate or suspend the sale of ammunition and explosives during strike troubles that in cases of dispute both parties should be required by law to operate the mines pending settlement. Financial interest of coal companies in saloons is denounced as reprehensible.

Some Methods Condemned

Methods of the United Mine Workers of America are severely condemned, the report saying:

"The methods pursued by the United Mine Workers in their endeavor to force recognition of their union by the coal mine operators in Colorado are an insult to conservative and law-abiding labor. They have brought experienced strike agitators and have armed hundreds of irresponsible aliens, who have become a menace to the peace and prosperity, and even the lives of our citizens. They created open insurrection in southern Colorado and have resorted to measures which all fair-minded labor organizations repudiate. The officers in charge of many of the tent colonies confess their inability to control the men whom they have armed and aroused.

"Evidently no qualification is necessary for membership in the United Mine Workers of America, other than a promise to pay dues, which are apparently used to support insurrection and lawlessness when necessary to force their demands by intimidation and fear whenever strikes are called with the result of injuring other trades and the entailment of hardships and privations on the people of the entire commonwealth.

"The lawlessness of many of the striking miners is caused by radical agitators imported from other states who inflame them with incendiary speeches and exhortations to violence."

CURRENCY BILL IN SENATE

Measures to Regulate Railroads Introduced in House.

Washington, Dec. 2.—The currency bill, as completed by the Democratic conference, was printed and prepared for the senate and Senator Owen presented it as a substitute for the bill originally supported by himself and the administration Democrats of the banking and currency committee.

A trio of bills to regulate interstate railroads and other corporations were introduced by Chairman Adamson of the house Interstate commerce committee. The bills strike at monopoly and suppression of competition by combinations of capital.

JAIL TERMS FOR TRUST LAW VIOLATORS.

Washington, Dec. 2.—Jail sentences and no fines for violations of the Sherman law are proposed in an amendment introduced by Representative Henry, which also would declare illegal any advice to restrain trade, manipulate prices, prevent competition or fix standards for controlling prices. Organizations not conducted for profit and agricultural products in the hands of producers would be exempt.

Horns and Confetti Are Barred.

Chicago, Dec. 2.—No horns, confetti or "ticklers" will be allowed on the streets here New Year's eve, according to an order issued by Mayor Harrison. Sale of the forbidden article will be prohibited. Mr. Harrison said he issued the notice now so that dealers might not offer the plea that they had laid in a large stock of the nuisances.

SEAL UP MINE TO KILL OUTLAW

Trying to Smoke Lopez Out of Utah-Apex Tunnel.

RELY ON POISONOUS GASES.

Man Hunt Continues and Miners Gather at Mouth of Shaft to Shoot to Death Refugee in Event He Should Make Break for Liberty.

Bingham, Utah, Dec. 2.—Whether Ralph Lopez, the slayer of five peace officers and a fellow countryman, lay dead in the Utah-Apex mine, or whether, avoiding the deadly gases in the mine, he still planned a dash for liberty, is a question unanswered. Knowing his resourcefulness, there is no let up in the watchfulness at the tunnel mouths, on which searchlights were trained while the sheriffs of seven counties and their scores of deputies kept unrelaxed guard.

Through openings in the bulkheads constructed at each of the tunnel mouths, poisonous gases have been directed. An automobile, carrying 1,000 pounds of sulphur, was rushed here from Salt Lake in order to keep the smudges going until a fresh supply arrived on the train. In addition to sulphur, all the chemicals capable of generating poisonous gases that could be obtained here were being used in the smudges.

Call for My Friend.

The only word from Lopez came when he approached the bulkhead at the mouth of the Andy tunnel and called for his friend, Julio Correlo. When asked what he wanted, he called again for Correlo, but before the latter arrived he had retired back into the depths of the mountain.

Columns of smoke are rushing out of various tunnels, showing that certain parts of the mine are filled.

At some places it was impossible for the guards to get nearer than thirty feet to the entrances.

In case Lopez does not appear, the smudging will continue tonight. Then twenty-four hours must elapse before the deputies can enter. Although it is believed to be slight, there is still the possibility that the fugitive may avoid asphyxiation in some far corner of the mine.

VOODOOISTS FORM A TRUST

Negro Wizards in Cuba Protected by Politicians.

Havana, Dec. 2.—A sensation was caused here by the discovery of an alleged extensive organization among the negroes of Cuba in the practice of witchcraft or "voodoos." It is said the negro wizards constitute a powerful trust.

This revelation was made as a sequel to the recent murder of a white girl, six years old, in connection with a mysterious method of healing a sick negro woman, to whom the child's blood was said to have been administered.

It is generally reported that the voodooists have relations with politicians, who control their votes and protect them against punishment.

Several crimes of a similar nature to the one which led to the discovery of the "voodoos" have been committed recently in the island, and in most cases the criminals have gone unpunished. The newspapers now call on congress to find a remedy.

FIVE ENTOMBED IN COLORADO MINE.

Cripple Creek, Colo., Dec. 2.—Five miners were entombed by a cave-in which extended from the fourth to the thirteenth level of the Gold Cycle mine here and spread to the Christmas mine adjoining. One of the five was rescued and one is known to be alive and uninjured in the Christmas mine. The fate of the remaining three in the Gold Cycle caused great concern.

SHOT AS HE TRIES TO DISARM BANDIT.

Los Angeles, Dec. 2.—H. E. Montague, traveling passenger agent of the Southern Pacific, was shot and instantly killed while trying to disarm a highwayman who was holding up the passengers in the Southern Pacific westbound overland train, No. 9. The highwayman boarded the train at Pomona, thirty miles east of here, and jumped off at El Monte, sixteen miles east.

STRIKE OF TEAMSTERS IN INDIANAPOLIS.

Indianapolis, Dec. 2.—An appeal of team owners who had signed the union contract, asking that their employees be permitted to return to work, was voted down at a general meeting of the Teamsters' and Chauffeurs' union which went on a strike. The first day of the strike was attended by many minor disorders, which were quelled by the police.

FAULTY DIGESTION

Quickly Shatters the Nervous System—Immediate Action Necessary

—Try Mi-o-na.

When you feel irritable, tired and despondent—when you have nervous twitches, specks before the eyes, headaches, sour stomach, heartburn, indigestion and pains in the colon and bowels—you suffer from indigestion, which soon develops into dyspepsia—the chief cause of nerve exhaustion—you need Mi-o-na at once.

Mi-o-na is not a cure-all, but a scientific remedy that surely ends stomach misery. It builds up and strengthens the stomach walls and glands, improves quickly the digestive system. Then the vital force and nerve energy is restored, imparting strength and good spirits to the discouraged, rundown and weak.

Another surprise was a piano selection, "Impromptu in C minor," by Reinhold, given by Miss Porter of the Conservatory of Music, who substituted for Miss Cecile Benight.

We rely on it for croup, coughs and colds." So can you. 50c and \$1.00. A bottle should be in every home. At all druggists. H. E. Bucklen & Co., Philadelphia, St. Louis.

COMMON ASSAULT

MOVIS AND JIM CONKLIN PLEAD GUilty TO THAT CHARGE.

OVER FIGHT AT OWLS

Charles Bramble Prosecuting Witness
—Facts of Trouble Hard to Secure.

At the preliminary hearing of Movis and Jim Conklin, held Tuesday morning before Justice R. L. McDougal, they entered a plea of guilty to the charge of common assault and were fined \$5 and costs each. The prosecuting witness was Charles Bramble, and the fight took place in the Owls club rooms a week ago Saturday night, Bramble receiving many cuts and injuries from the fight. Bramble was not present at the preliminary hearing this morning.

The fight has caused a great deal of talk, so much so that the trustees of that lodge have ordered the club rooms to be closed all the time except when there is a regular lodge meeting. The facts in the case are very hard to get, and there is much doubt and uncertainty as to the causes of the fight.

George Pat Wright, prosecuting attorney, represented the state and John M. Dawson the Conklin boys. Mr. Wright, in making his statement to the court, said in part as follows:

"In accepting a plea to common assault in this case, I am doing not only what is satisfactory to the injured party, but that which is best after a careful investigation of all the facts. While it would appear from the treatment of the prosecuting witness that a more serious offense should be maintained, yet the facts as gathered by myself and the sheriff does not justify the state in an effort to sustain a more serious charge. These defendants were in the wrong, but there is wrong in both sides as shown by the facts. The testimony furnished by those present as well as by the immediate parties is very indefinite and uncertain, leaving much room for doubt as to the inception of the trouble. The parties were drinking, in fact the prosecuting witness had been drinking not only the more delicate beverages but he had imbibed the vicious draughts of alcohol. When under the influence of drink, I am told that he is of a quarrelsome and turbulent disposition. I am informed that he had been forbidden to come to the hall rooms where the difficulty occurred. This he denies. The testimony would show some mitigating circumstances, yet if the assault was made by the injured party, as claimed by the defendants, certain it is that they went further than would justify them under the law in resisting that assault."

"I have talked with some of the officials of the organization and am glad to learn that such stunts are not approved by the lodge or by the officials, and that the lodge, as such, stands with the prosecuting attorney's office in stopping it. This office is not against the lodge, it is with the lodge in stamping out such disgraceful affairs."

"What I am interested in more than the prosecution of this particular case is the destruction of those conditions that make such things possible, and this must be done or steps will be taken to permanently close the rooms. I am glad to know that the proper committee has closed the hall at all times except during lodge hours, and thereby, by their good assistance, help the prosecuting attorney's office in the matter of avoiding further disturbances and minor violations of the law. As stated there was wrong on both sides, the testimony is uncertain and involved in doubt, a plea to common assault is, in my judgment, better than to entail a great cost that the state would in the end have to pay in any event and with little hope of anything more."

COURT IN SESSION.

The County Court Allowing a Number of Bills and Transacted Other Business.

The county court is in regular session this week, and in addition to the routine business is allowing a large number of bills.

The court granted Joseph Voelker a pool hall license for Clyde.

Carl Wray, cashier of the Bank of Guilford, appeared before the court on Monday in regard to an error in the assessment for this year's taxes. The undivided profits, premiums and earnings of the bank were \$5,824.66, but were given in as \$17,390.68. The court made an order to correct the assessment.

BANTA IN TROUBLE AGAIN.

He and V. L. Walker of Hopkins Arrested Monday and Will Be Held for Investigation.

Walter Banta of this city and V. L. Walker of Hopkins were arrested Monday afternoon in the city by Sheriff Ed Wallace and will be held for investigation. It is probable that a charge of forgery will be filed against both of the boys. Walker cashed a check written on G. G. Downing of Hopkins on the Farmers and Merchants bank of that place for \$5 at the Barbour hardware store here. It is said that the check was written by Banta.

Banta just recently got out of jail, having served out his time for stealing chickens.

FORMERLY RESIDED IN ELMO.

Mrs. James Hudson, Who Died on November 15 in Nebraska, Was Well Known in Elmo Community.

N. B. Lamar of this city received word recently of the death of his niece, Mrs. James M. Hudson, at Sand Creek, near Valentine, Neb. Mrs. Hudson was formerly a resident of Elmo and was well known among the older people there. Her death occurred on November 15.

The following is what the Valentine paper says:

Elizabeth L. Nelson was born in Provo, near Salt Lake, Utah, September 22, 1859. Her parents moved to Laramie, Mo., when she was but a child, where she lived until her marriage to James M. Hudson, February 4, 1877. They lived at Elmo, Mo., a few years, moving to this county in May, 1884, and lived at Sparks for several years. From here they moved to Sand Creek, where she has lived until the time of her death, November 15, 1913. Age, 54 years, 1 month and 24 days.

Mrs. Hudson was not a very strong woman, but many a traveler and hunter have found food and shelter in her home and were always glad to come again.

She united with the Baptist church when 20 years of age and has always been glad to help and do what she could for all religious purposes. She will be missed by all who knew her, and leaves to mourn a large circle of relatives, five brothers and six sisters, her husband and little adopted son. To know her was to love her.

The floral offering was beautiful and spoke volumes for everyone knew she loved flowers and was always ready with her flowers and willing hands to help suffering humanity. The funeral was the largest ever held in Cherry county, friends being present from Valentine, Norden and South Dakota. Funeral services were conducted by Rev. Shaw at 2 o'clock Sunday afternoon and the remains were laid to rest in the Sparks cemetery.

Left for Springfield.

Mr. and Mrs. J. C. Combs and daughter left Tuesday morning for Springfield, Mo., where they will reside. Mr. Combs has accepted a position on the new paper to be started in that city with Aaron B. States as editor. Mr. Combs has been foreman of The Democrat-Forum office and is a first class workman.

Mrs. Jane Wilson and John Wilson of Parnell have returned home from a visit with Mrs. Henry Cook.

A Living Link Conference.

The C. W. B. M. and Young Ladies' Mission Circle of the First Christian church held a conference in the church parlors Monday afternoon as a result of the address of Mrs. Latshaw, the state president, at the Sunday morning church service.

Mrs. Latshaw gave her hearers such a world wide vision of Christian activity, and what it means to America for her churches to do their part in Christianizing every part of the world, to be linked in an unbroken chain of Christian endeavor that takes in the world, that the women of the church found they could raise their work to living link standard with but little more effort. The church already has a living link in Dr. Drummond of India, now in this country on furlough. The sum provided for missions this year lacked only \$64 of being enough to raise it to the living link standard, which entitles every organization in the church to a worker somewhere in the field, at home or abroad, in schools, or churches, at immigration stations, individual workers anywhere.

At the meeting Monday afternoon the women of the two organizations voted \$50 to make Rev. and Mrs. Finch life members of the Christian Woman's Board of Missions, which entitles them to a vote in the national convention and a hand in any part of the world's work of the denomination. The other \$14, which completed the required amount of \$600. The ladies have not yet decided what lines of work they will choose in the various fields, but will decide at a later meeting.

This step forward in mission work by the women of this church was very gratifying to Mrs. Lawrence, especially, who visited them C. W. B. M. day a year ago and urged their earnest consideration of the matter.

Mother's Circle Sale.

The Mothers' Circle will hold a most unique sale in the Elks club Wednesday afternoon, beginning at 2 o'clock, and another sale on Saturday afternoon at the same place. If articles are left Saturday afternoon the sale will be continued Saturday evening.

The articles will consist of Chinese handwork in various kinds of art, done by children and students in the American mission schools of China. Every bit of it is most exquisitely finished and every article will be sold at a price so reasonable as to surprise anyone.

Mrs. Herbert Langsdorf secured the articles from a woman who imports the work for sale in Minneapolis. There are most beautiful scarfs in most exquisite materials and colorings, hand-embroidered and painted lunch sets in linen and silk gauze, gold lacquered jewel boxes, card cases of most wonderful designs, handkerchief cases, handwrought necklaces and bracelets in gold and silver enamel, place cards at only 50 cents a dozen, the daintiest one ever saw, Japanese reed work baskets in sets, pin cushions, stick and bar pins, needle books, embroidered shirt waist fronts, the like of which one seldom if ever sees, vanity cases, most exquisite hand made laces in silk and linen that would suit the most fastidious bride, hand wrought silver jewelry, such as the Chinese nobility wear, and so many other things of such beauty that they are indescribable.

The Mothers' Circle invites everyone to come and see these beautiful things whether you buy or not. They are works of art that one rarely sees in a life time.

MINE WORKERS ARE INDICTED

True Bills Returned Against Union Officials.

SIX ACCUSED OF CONSPIRACY.

Maintaining a Monopoly of Labor Is Charge Against National Officers of United Mine Workers—Fifteen Others Caught in Net.

Pueblo, Colo., Dec. 2.—Federal indictments against the United Mine Workers of America and members of that organization were returned by the jury that investigated the coal strike in this state.

Ten indictments were made public and fifteen more were held until arrests can be made. Charged with maintaining a monopoly of labor, these national officers of the United Mine Workers of America were indicted:

John P. White, president; Frank J. Hayes, vice president; William P. Green, treasurer.

Indictments charging conspiracy in restraint of trade in interfering with interstate traffic in coal were returned against John R. Lawson, Adolph Germer, Robert Ulrich, A. B. McGary, Charles Batey and James Morgan, strike leaders and organizers of the United Mine Workers, and Edward Wallace, editor of a labor paper at Trinidad.

The jury prepared a long report, in which mining conditions are reviewed. It ends with recommendations that the mining laws be more diligently enforced, that the governor should be empowered by the legislature to regulate or suspend the sale of ammunition and explosives during strike troubles, that in cases of dispute both parties should be required by law to operate the mines pending settlement. Financial interest of coal companies in strikes is denounced as reprehensible.

Some Methods Condemned.

Methods of the United Mine Workers of America are severely condemned, the report saying:

"The methods pursued by the United Mine Workers in their endeavor to force recognition of their union by the coal mine operators in Colorado are an insult to conservative and law abiding labor. They have brought experienced strike agitators and have armed hundreds of irresponsible aliens, who have become a menace to the peace and prosperity, and even the lives of our citizens. They created open insurrection in southern Colorado and have resorted to measures which all fair-minded labor organizations repudiate. The officers in charge of many of the tent colonies confess their inability to control the men whom they have armed and aroused.

"Evidently no qualification is necessary for membership in the United Mine Workers of America, other than a promise to pay dues, which are apparently used to support insurrection and lawlessness when necessary to force their demands by intimidation and fear whenever strikes are called with the result of injuring other trades and the entailing of hardships and privations on the people of the entire commonwealth.

"The lawlessness of many of the striking miners is caused by radical agitators imported from other states who inflame them with incendiary speeches and exhortations to violence."

CURRENCY BILL IN SENATE

Measures to Regulate Railroads Introduced in House.

Washington, Dec. 2.—The currency bill, as completed by the Democratic conference, was printed and prepared for the senate and Senator Owen presented it as a substitute for the bill originally supported by himself and the administration Democrats of the banking and currency committee.

A trio of bills to regulate interstate railroads and other corporations were introduced by Chairman Adamson of the house interstate commerce committee. The bills strike at monopoly and suppression of competition by combinations of capital.

Jail Terms for Trust Law Violators.

Washington, Dec. 2.—Jail sentence and no fines for violations of the Sherman law are proposed in an amendment introduced by Representative Henry, which also would declare illegal any advice to restrain trade, manipulate prices, prevent competition or fix standards for controlling prices. Organizations not conducted for profit and agricultural products in the hands of producers would be exempt.

Horns and Confetti Are Barred.

Chicago, Dec. 2.—No horns, confetti or "tickle" will be allowed on the streets here New Year's eve, according to an order issued by Mayor Harrison. Sale of the forbidden article, will be prohibited. Mr. Harrison said he issued the notice now so that dealers might not offer the plea that they had laid in a large stock of the nuisance.

Mrs. Ida M. French Granted Divorce.

London, Dec. 2.—A divorce was granted to Mrs. Ida M. French, daughter of Robert J. Wynne of Washington, former American consul general in London and ex-postmaster general on the grounds of infidelity and cruelty on the part of her husband, Captain Hugh Ronald French.

SEAL UP MINE TO KILL OUTLAW

Trying to Smoke Lopez Out of Utah-Apex Tunnel.

RELY ON POISONOUS GASES.

Man Hunt Continues and Miners Gather at Mouth of Shaft to Shoot to Death Refugee in Event He Should Make Break for Liberty.

Bingham, Utah, Dec. 2.—Whether Ralph Lopez, the slayer of five peace officers and a fellow countryman, lay dead in the Utah-Apex mine, or whether, avoiding the deadly gases in the mine, he still planned a dash for liberty, is a question unanswered. Knowing his resourcefulness, there is no let up in the watchfulness at the tunnel mouths, on which searchlights were trained while the sheriffs of seven counties and their scores of deputies kept unrelaxed guard.

Through openings in the bulkheads constructed at each of the tunnel mouths, poisonous gases have been directed. An automobile, carrying 1,000 pounds of sulphur, was rushed here from Salt Lake in order to keep the smudges going until a fresh supply arrived on the train. In addition to sulphur, all the chemicals capable of generating poisonous gases that could be obtained here were being used in the smudges.

Call for His Friend.

The only word from Lopez came when he approached the bulkhead at the mouth of the Andy tunnel and called for his friend, Julio Correlo. When asked what he wanted, he called again for Correlo, but before the latter arrived he had retired back into the depths of the mountain.

Columns of smoke are rushing out of various tunnels, showing that certain parts of the mine are filled.

At some places it was impossible for the guards to get nearer than thirty feet to the entrances.

In case Lopez does not appear, the smudging will continue tonight. Then twenty-four hours must elapse before the deputies can enter. Although it is believed to be slight, there is still the possibility that the fugitive may avoid asphyxiation in some far corner of the mine.

VOODOOISTS FORM A TRUST

Negro Wizards in Cuba Protected by Politicians.

Havana, Dec. 2.—A sensation was caused here by the discovery of an alleged extensive organization among the negroes of Cuba in the practice of witchcraft or "voodoism." It is said the negro wizards constitute a powerful trust.

This revelation was made as a sequel to the recent murder of a white girl, six years old, in connection with a mysterious method of healing a sick negro woman to whom the child's blood was said to have been administered.

It is generally reported that the voodoos have relations with politicians, who control their votes and protect them against punishment.

Several crimes of a similar nature to the one which led to the discovery of the "voodoos" have been committed recently in the island and in most cases the criminals have gone unpunished. The newspapers now call on congress to find a remedy.

Five Entombed in Colorado Mine.

Cripple Creek, Colo., Dec. 2.—Five miners were entombed by a cave-in which extended from the fourth to the thirteenth level of the Gold Cycle mine here and spread to the Christmas mine adjoining. One of the five was rescued and one is known to be alive and uninjured in the Christmas mine. The fate of the remaining three in the Gold Cycle caused great concern.

Shot as He Tries to Disarm Bandit.

Los Angeles, Dec. 2.—H. E. Montague, travelling passenger agent of the Southern Pacific, was shot and instantly killed while trying to disarm a highwayman who was holding up the passengers in the Southern Pacific westbound overland train. No. 9. The highwayman boarded the train at Pomona, thirty miles east of here, and jumped off at El Monte, sixteen miles west.

Strike of Teamsters in Indianapolis.

Indianapolis, Dec. 2.—An appeal of team owners who had signed the union contract, asking that their employees be permitted to return to work, was voted down at a general meeting of the Teamsters' and Chauffeurs' union which went on a strike. The first day of the strike was attended by many minor disorders which were quelled by the police.

Another Rebellion Hatching in China.

Peking, Dec. 2.—Official telegrams received at the capital from various provinces in south China report Chinese rebels are intriguing with numerous outlaw bands to form the nucleus of another rebellion against the government of Yuan Shih Kai.

Stork Brings Twenty-ninth.

Stephens Point, Wis., Dec. 2.—Twenty-nine children, all alive and well, is the record of Mr. and Mrs. John Kostruck of this city. The latest arrival has just made its appearance and friend and relatives are celebrating the event.

The Music Department.

Monday afternoon spent with Mrs. Thad L. Wilderman proved one of rare enjoyment and continuous surprises to the Music department of the Twentieth Century Club and their many guests. The programs so far this year have been so well rendered and so largely attended that the department is to be congratulated. Mrs. Oliver K. Bovard, the chairman, called the meeting to order and Mrs. Leslie Dean gave the roll call and read the minutes of the previous meeting. Mrs. Roy Collins gave her criticism of the November program.

The first number of the afternoon's program was a sketch of the lives of three of America's greatest composers, Arthur Foote, Frederick Field Ballard and George Whitefield Chadwick, given most pleasingly by Mrs. Emmett Scott. A charming piano selection, "Impromptu in G minor," by Arthur Foote, was rendered by Mrs. Wilderman.

Miss May Corwin sang two numbers, accompanied by Miss Alice Porter. (a) The piquant little "Irish Song," by Foote, with violin obligato by Miss Edith Wilson; (b) "Lullaby," by our very own composer, Prof. P. O. Landen.

This was not only a delightful surprise to the club ladies, but to Mr. Landon himself.

One of the treats of the afternoon was Mr. Landon's interpretation of Beethoven's "Largo," from the Seventh Sonata. After most decided applause he responded with an encore, much to everyone's pleasure.

Miss Brownie Toole gave a Mazurka in G minor by Foote, after which Mrs. George R. Eaton sang two numbers, accompanied by Miss Eleanor Smith, "Thou Art So Like a Flower," by Chadwick, and "Mifanwy," by Weatherly.

Another surprise was a piano selection, "Impromptu in C minor," by Reinhold, given by Miss Porter of the Conservatory of Music, who substituted for Miss Cecile Benight.

Miss Edith Wilson pleased her audience as well as reminded them of Maud Powell, with her violin number, "Souvenir," by Drdla.

Mrs. Wilderman invited her guests to remain for a social hour while she served them a lovely luncheon, in honor of the "one man" present. The guests of the club were Mrs. Byron Rhoades and Miss Alice Rhoades of Shambraha, Ia.; Miss Alice Porter, Miss Edith Wilson, Mrs. John Gray, Mrs. J. C. Allender, Mrs. R. C. Benight, Mrs. Mary Landon and Mr. P. O. Landon.

Croup and Cough Remedy.

Croup is a terrible disease, it attacks children so suddenly they are very apt to choke unless given the proper remedy at once. There is nothing better in the world than Dr. King's New Discovery. Lewis Chamberlain of Manchester, Ohio, writes about his children: "Sometimes in severe attacks we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup, coughs and colds." So can you. 50¢ and \$1.00. A bottle should be in every home. At all druggists. H. E. Bucklen & Co., Philadelphia, St. Louis.
